Inspiring Visit to SODES Digital Library in Dudu, Jaipur, Rajasthan

The SODES team visited the Digital Library in Dudu, Jaipur, Rajasthan, to witness its efforts in promoting digital literacy and expanding learning opportunities within the community. The visit provided an encouraging opportunity to observe the role of digital education in empowering students and local residents with essential digital skills.

The team appreciated the initiative and its contribution towards making digital learning more accessible. The visit reaffirmed SODES' commitment to bridging the digital divide and creating opportunities for inclusive education, skill development, and community empowerment.

Through such initiatives, SODES continues to advance its vision of a digitally empowered and self-reliant society.

PROGRAM HIGHLIGHTS

Empowering Minority Women Through Digital Literacy: A Step Towards Inclusion

Empowering women with digital skills is a powerful step towards building a more inclusive and self-reliant society. In Jangaon, Maharashtra, **SODES Member Mr. Gokul Sunar** is contributing to this mission through the SODES Digital Literacy Program, helping minority women embrace the opportunities of the digital world.

The initiative aims to equip women with essential digital skills, enabling them to access online services, explore learning opportunities, strengthen their confidence, and become more independent in their daily lives. By making technology more accessible, the program is helping bridge the digital divide and opening new pathways towards social and economic empowerment.

Through dedicated efforts at the community level, SODES continues to advance its vision of **digital inclusion for all**, ensuring that every woman has the opportunity to learn, grow, and participate in India's digital transformation.

PROGRAM HIGHLIGHTS

Bridging the Digital Divide: Empowering Girl Students in Madhya Pradesh

Promoting digital education among young girls is an important step towards building a more empowered and inclusive society. With this vision, SODES Member Mr. Prafull Kumar Upshyam is supporting the Digital Literacy Program for girl students in Pandhurna district, Madhya Pradesh.

The initiative focuses on encouraging girls to embrace technology, develop digital awareness, and gain confidence in using digital tools for education and personal growth. By creating opportunities for digital learning, the program aims to help young girls become more independent, informed, and future-ready.

Through such grassroots efforts, SODES continues to advance its mission of digital inclusion, ensuring that girls are better equipped to explore new opportunities in an increasingly digital world.

PROGRAM HIGHLIGHTS

Digital Empowerment of SHG Women in Darjeeling, West Bengal

SODES Member Saiket took an important step towards women's empowerment by conducting a Digital Literacy Programme for Self-Help Group (SHG) women in Darjeeling, West Bengal. The initiative aimed to familiarise women with digital technology and encourage them to explore its benefits in their everyday lives.

The programme highlighted the importance of digital awareness in today's world, helping women build confidence in adopting digital tools and accessing new opportunities. Through this initiative, SODES continues to promote inclusive digital education at the grassroots level, empowering women with the knowledge and confidence needed to participate in an increasingly digital society.

PROGRAM HIGHLIGHTS

SODES Digital Literacy Registration Drive in Hindaun City, Rajasthan

Empowering communities begins with access to digital knowledge. With the aim of bringing the benefits of digital literacy closer to local communities, SODES Member Mr. Hukum Chand Mahawar organized a Digital Literacy Program registration session at Hindaun City, Karauli district, Rajasthan.

The session aimed to encourage community participation and connect local residents with opportunities to develop essential digital skills. By promoting digital awareness and inclusion at the grassroots level, SODES continues to work towards bridging the digital divide and enabling individuals to participate more confidently in an increasingly digital world.

PROGRAM HIGHLIGHTS

Taking a Step Towards a Plastic-Free Future in Karauli, Rajasthan

SODES Member Mr. Vikram Saini observed Plastic Free Day in Karauli, Rajasthan, to promote environmental awareness and encourage responsible plastic use. The initiative highlighted the importance of reducing single-use plastics and adopting eco-friendly alternatives in everyday life.

Through this initiative, SODES reaffirmed its commitment to environmental sustainability and community participation. Such efforts inspire individuals to make small but meaningful changes, contributing to a cleaner, greener, and healthier future.

Together, let us reduce plastic waste and build a sustainable tomorrow!

PROGRAM HIGHLIGHTS

Plastic free Day Celebrated in Nashik, Maharashtra and Murshidabad, West Bengal

Reinforcing its commitment to environmental sustainability and community participation, SODES celebrated Plastic-Free Day in Nashik, Maharashtra, and Murshidabad, West Bengal, encouraging communities to take collective action towards a cleaner and greener environment.

The celebrations focused on raising awareness about the harmful effects of single-use plastic and promoting responsible waste management practices. Community members actively participated in the initiative, spreading the message of reducing plastic consumption and adopting eco-friendly alternatives. In Nashik, officials and workers from the Municipal Corporation also joined the drive, demonstrating the importance of collective efforts in tackling plastic pollution.

Through such community-led initiatives, SODES continues to inspire individuals and local institutions to embrace sustainable practices and take responsibility for protecting the environment.

PROGRAM HIGHLIGHTS

SODES Recognises Learner's Achievements in Digital and Financial Literacy

Pandhurna, Madhya Pradesh: SODES Member Mr. Sudhir Thakre distributed course completion certificates to participants who successfully completed the Digital and Financial Literacy course in Pandhurna, Madhya Pradesh.

The initiative aims to enhance participants' digital skills, financial awareness, and confidence in using online services, banking facilities, and digital payment systems. The certificate distribution recognised their learning achievements and encouraged them to apply these skills in their daily lives.

Through such grassroots initiatives, SODES continues to promote digital inclusion, financial empowerment, and community development, working towards a more informed and digitally empowered society.

PROGRAM HIGHLIGHTS

Empowering SHG Women Through Digital Literacy in Dhubri, Assam

Promoting digital awareness among women is an important step towards building an inclusive and empowered society. With this vision, SODES Member Mr. Mehboob Alam organized a Digital Literacy Drive for Self-Help Group (SHG) women in Dhubri, Assam.

The initiative focused on familiarizing women with essential digital tools, improving their understanding of technology, and encouraging them to confidently use digital platforms in their daily lives. Through this program, participants were encouraged to embrace digital learning and explore opportunities for greater financial awareness, independence, and empowerment.

This initiative reflects SODES' continued commitment to bridging the digital divide and creating opportunities for women in rural communities through digital education.

PROGRAM HIGHLIGHTS

SODES AI & Robotics Programme – New Batch Started! Register Now!

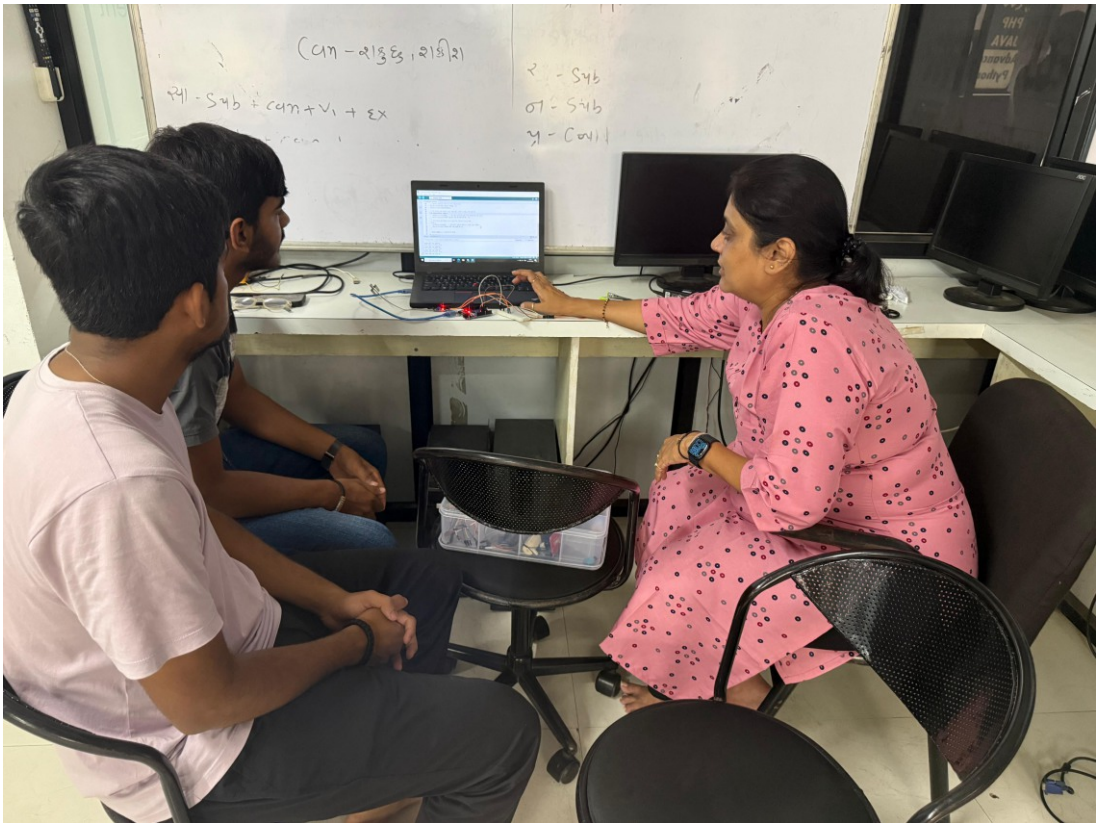

The new batch started of SODES AI & Robotics Programme, designed to introduce students to the exciting world of Artificial Intelligence, Robotics, and emerging technologies.

The programme provides learners with an opportunity to explore innovative concepts, develop practical skills, and gain hands-on experience through engaging, technology-driven activities. From understanding the fundamentals of AI to exploring robotics and automation, students will take their first steps towards becoming future innovators and problem-solvers.

With a focus on creativity, logical thinking, and experiential learning, the programme aims to equip students with essential skills for tomorrow's technology-driven world.

Don't miss this opportunity to explore, create, innovate, and shape the future with SODES.

Register Now and be a part of the next generation of innovators!

NEW LAUNCH

SODES Launches 10-Minute Study Programme for JEE, NEET and CUET Aspirants

SODES has launched its innovative 10-Minute Study Programme to support students preparing for competitive examinations such as JEE, NEET and CUET. The programme aims to make quality learning more accessible, convenient and effective through short, focused study sessions that help students strengthen their concepts and prepare for important entrance examinations.

SODES Members can avail themselves of this exciting service through the SODES Portal and register students for the programme. This initiative also provides an excellent earning opportunity for SODES Members, enabling them to earn attractive commissions on student registrations while contributing to students' academic success.

Register students today through the SODES Portal and be a part of this educational initiative!

SUCCESS STORY

GANESH

Hindaun City, Karauli, Rajasthan

Ganesh, a student from Hindaun City in Karauli district, Rajasthan, joined the SODES Digital Library with a desire to enhance his knowledge and develop essential digital skills. Through the library's digital literacy programme, he is learning MS Office and other important computer skills that will support his academic growth and prepare him for future opportunities.

The programme provides Ganesh with an opportunity to gain practical computer knowledge, improve his confidence, and become more comfortable with digital tools. Learning applications such as MS Word, Excel, and PowerPoint, along with other essential digital skills, is helping him build a strong foundation for his educational and professional journey.

Ganesh's experience reflects the important role of SODES Digital Libraries in making digital education more accessible to students, particularly in smaller cities and communities. By providing opportunities to learn and practice computer skills, SODES is working towards bridging the digital divide and empowering young learners with the knowledge needed to succeed in an increasingly digital world.

SODES

DIGITAL CHAMPION

OF THE MONTH

VELMURUGAN M

Namakkal District, Tamilnadu

Since beginning his journey as a SODES Entrepreneur in 2024, Mr. Velmurugan M. of Namakkal District, Tamil Nadu, has been contributing to the mission of digital inclusion and financial empowerment through the SODES Digital and Financial Literacy Programme.

With a commitment to community development, Velmurugan has taken digital and financial literacy training to diverse groups, including women, students, and Self-Help Groups (SHGs). Through these initiatives, he has helped participants develop essential digital skills and improve their understanding of financial awareness, enabling them to take confident steps towards greater digital participation and financial independence.

His efforts reflect the important role of SODES Entrepreneurs in bringing learning opportunities closer to communities and making digital knowledge more accessible to people from different backgrounds.

Velmurugan's journey demonstrates how local initiative, community engagement, and a passion for learning can contribute to meaningful social change. His dedication to empowering women, educating students, and supporting SHG members makes him a worthy SODES Champion of the Month.
